WELCOME

Welcome to the 1987 Boys Class B Swimming and Diving Championships. This event showcases some of the very best High School athletes in Michigan. Their standard of performance will be excellent. Let's make sure our standard of sportsmanship is as high!

Interscholastic athletics are an important part of the curriculum of schools. Athletic practices and contest are laboratory courses for those students who seek challenge and meet standards of ability, commitment, discipline, teamwork, and personal conduct. They train young peoples bodies in coordination, skill, strength, and endurance; and they encourage their character, developing hope, confidence, and perseverance.

School sports are vary possibly the best bargain in education, providing challenges to large numbers of boys and girls at small fractions of the total school budget. They have deserved your support all season long, not just today.

Celebrate the competition, win or lose!

John E. Roberts
 Executive Director
