Coaching Experience:

First year as varsity coach at Battle Creek Central High School. Coming from the Lansing area.

What is your favorite part about coaching?

My favorite part is experiencing all of the little victories- drops in time, finally getting a stroke down, or finishing a race that they didn't think was possible

What advice would you give to a fellow coach?

Be a role model for your athletes, getting to know each athlete individually in and out of the pool is essential.
